**ITEM #1 – Approval of minutes**

Butch Grimm made a motion to approve the minutes of the July 15, 2021. Second by Jimmy Payne.

**ITEM #2 – TO DISCUSS SECITONS 7-246 B & 7-247 OF THE CODE OF ORDINANCE.**

Chairman Maier started the meeting with question of what Jim Haake, Chief Building Official had agreed to with Dwayne Braun, General Manager of ICM Biofuels. ICM is changing the policy of the operators to not be on site 24/7 as before. Per the City’s Code of Ordinance, plant operating engineers need a license and adequate supervision shall be provided when in operation. Per Chairman Maier the reaction time for an operator to take care of an alarm when off site could be dangerous to the plant and the City. Jim Haake, Chief Building Official will be looking into what the adequate supervision and reaction time should be and let the board know.

The meeting adjourned at 4:35 pm.

Minutes respectfully submitted,

Mary Mathiot, Permit Clerk
