**(May 19, 2020)
FOR IMMEDIATE RELEASE**

Additional results are back from the COVID-19 community testing clinic held over the weekend at Mosaic Life Care. An additional 537 results were received today confirming 14 new positive cases of COVID-19 for Buchanan County.

Combining the totals from both batches of results to this point, of the 1,593 tested, results are back for 1,351, indicating a cumulative total of 23 positive cases of the coronavirus for Buchanan County. Two additional positive cases were confirmed from the clinic.

The remaining 242 tests results will be shared when available.

Staff from Mosaic Life Care is handling notification to those that test positive and the St. Joseph Health Department is handling contact tracing of those positive cases.

The remaining results will be shared when available.

The coronavirus is still in our community and we must continue the effort to reduce the spread of the virus. You can do your part by:

- Maintaining a physical distance of at least six feet at all times.
- Proper handwashing and sanitizing of commonly used surfaces.
- Wearing a mask or face covering while you are out.
- Staying at home if you are sick.
- Staying home if you are at a higher risk and exercise greater caution if is necessary to be out.
