## I. Liability

The St. Joseph Police Department Operations Manual has been published and distributed for internal, employee use, and does not increase an employee's exposure to civil or criminal liability in any way. It should not be construed as the creation of a higher standard of safety or care in an evidentiary sense with respect to third party claims. Violations of the provisions contained herein, if proven, can only form the basis of a complaint by this Department, and then only in a non-judicial administrative setting.

## II. Legality of Contents

If any section, subsection, item, clause or phrase contained in the Department Operations Manual is found to be illegal, such finding shall not affect the validity of the remaining sections, subsections, items, clauses, or phrases of the Manual.
