

## **LANDFILL TO ACCEPT STORM DEBRIS**

**FOR MORE INFORMATION CONTACT:  
MARY ROBERTSON, PUBLIC INFORMATION OFFICER  
816.271.4610 or [mrobertson@stjosephmo.gov](mailto:mrobertson@stjosephmo.gov)**

**(July 12, 2021)  
FOR IMMEDIATE RELEASE**

St. Joseph residents will be able to take their downed tree limbs and branches from the weekend's storm to the landfill for disposal beginning Thursday, July 15, during normal hours of operation. Tree limbs and branches are the only acceptable material that can be dropped off for disposal.

Residents dropping off tree limbs and branches will be required to pass over the weight scale as the city will still be responsible for payment to the state for the amount of tonnage collected from the storm debris.

Residents dropping off storm debris will follow the same guidelines as Clean Sweep. Documentation of St. Joseph residency is required, and no commercial vehicles are allowed. For Clean Sweep guidelines, visit the city's website at [stjosephmo.gov](http://stjosephmo.gov) and search Clean Sweep.

Hours of operation for the landfill are Monday through Friday from 7am to 4:30pm. Storm debris will be accepted through July 30.
