

Nature Scavenger Hunt

Most scavenger hunts want you to find something and bring it back to your starting point. For this scavenger hunt, all you need to do is look, listen, and enjoy.

There are a couple of rules –

- Stay within 3 feet of either side of the trail.
- If you find something, please leave it where you see it or find it. (Examples: don't step on a bug, don't pick a flower, leave rocks where you find them, etc.)

Look...
