**(March 30, 2022)  
FOR IMMEDIATE RELEASE**

Huntoon Road, between Highland Avenue and Chellew Road, will be closed to through traffic beginning Monday, April 4, for a box culvert replacement project. Following the completion of the box culvert, Huntoon Road will receive an asphalt overlay as part of the annual resurfacing program.

The box culvert project is a part of the Bonds for Bridges program, a voter-approved \$20 million-dollar general obligation bond, to repair and replace our aging bridges and other transportation infrastructure.

Completion of this project is scheduled for late June, weather permitting.

Please exercise caution while in work zones to ensure your safety and that of crews working. Thank you for your patience during these projects.
