**(July 22, 2022)  
FOR IMMEDIATE RELEASE**

City Hall will close at 2pm, on Friday, July 29, due to the large crowd anticipated in Civic Center Park for the Red Rally. As traffic may be congested in the area and parking will likely be an issue, along with citizens' inability to access the building late in the afternoon, the decision was made to close early. Friday afternoons at City Hall are typically light with walk-in customers. All other facilities within the organization will have normal hours of operation.

Signage will be posted throughout the building all next week to alert customers to the early closure.

We appreciate the understanding of our customers and apologize for any inconvenience.
