**(April 10, 2023)  
FOR IMMEDIATE RELEASE**

A ceremony will be held to celebrate the completion of the improvements made to Corby Pond located at 2202 Northeast Parkway. This \$1,371,000 public works stormwater management project dredged the existing pond, improved the stormwater system in the area including Corby Pond, and added a retaining wall. Two new fishing docks were installed, and a fountain display donated by Kendall Randolph in memory of a family friend, Laura Elizabeth Hutton.

Please join us as we celebrate the improvements of this important community landmark. The event will be held at 4pm on Wednesday, April 12. Following the ceremony, guests are invited to enjoy the new fountains and explore the nature trails behind the pond.

Funding for the project was paid, in part, through the half-cent parks sales tax approved by voters in August 2021.
