OPENING REPORTS

- A. Roll Call. A quorum was present for the Technical Committee and Coordinating Committee and the meeting was called to order.

NEW BUSINESS

- A. Metropolitan Transportation Plan Presentation and Discussion: Jim Meyers with AECOM presented the Technical and Coordinating Committee with the 2050 Project update. The update included the project schedule, potential projects/ improvements, and sector workshops. This MTP Project Plan will be adopted in December 12, 2024. From now until December, the project schedule will consist of meetings public survey, project evaluation, sector workshops, fiscal constraint analysis, Committee meetings, public review, public openhouse and then the adoption of the MTP. Discussions included the MetroQuest public survey that will be available Monday, August 19th, for the public to vote where they think the funds should be spent in roadway/freight needs, transit needs, or bike/ped needs. Some of the fiscally constrained projects from the 2045 MTP included Cook Road improvements, I29/I229 and US 71 improvements, Riverside Road reconstruction and more. The 2050 MTP projects will include Cook Road Improvements, I229 improvements, a new river crossing, US 36 Corridor,

I-29 potential interchange, Belt Highway improvements, and Riverside/Route AC improvements. Also, potential improvements to Rosecrans National Airport were discussed. .
No Action Needed.
