**(March 10, 2026)
FOR IMMEDIATE RELEASE**

The City of St. Joseph, in coordination with Union Pacific Railroad, will implement temporary road closures on Thursday, March 12, and Friday, March 13, to allow for pavement approach repairs at a couple of railroad crossings.

Motorists should expect detours and traffic control in the affected areas during the work.

On March 12, City crews will conduct flagging operations at the railroad crossing located at Industrial Road and Lower Lake Road. At the same time, the crossing at Lower Lake Road will be repaired and fully closed to traffic from Industrial Road to 1986 Lower Lake Road.

Detour routes:

- Westbound traffic: South on Stockyards Expressway, west on Alabama Street and north on Industrial Road to Lower Lake Road.
- Eastbound traffic: South on Industrial Road, east on Alabama Street and north on Stockyards Expressway.

On March 13, Bluff View Drive will be closed from Stockyards Expressway to Lower Lake Road to accommodate continued railroad crossing repairs.

Detour routes:

- Westbound Lower Lake traffic: South on Stockyards Expressway, west on Alabama Street and north on Industrial Road to Lower Lake Road.
- Eastbound Lower Lake traffic: South on Industrial Road, east on Alabama Street and north on Stockyards Expressway.

The project schedule is subject to change based on weather conditions and the availability of materials. Motorists are encouraged to use caution in the area, follow posted detour signs, and allow extra travel time.
